
OBJECTIVE

To work in environments that challenge my skill set and provide the opportunity to learn, grow, and expand what I am capable of as a designer and a team member.

EDUCATION

Bachelor of Science in Communication Arts – Lees-McRae College

2007

SKILLS

Adobe CS

2004-2008

I have used the suite for both educational and professional projects. I am most proficient in Photoshop, Illustrator, and InDesign.

HTML/CSS

2001-2008

I am competent in both HTML and CSS and strive to make streamlined, standards based work using Dreamweaver. I also wish to develop my capabilities with them.

Flash

2004-2008

I am familiar with Flash and Action Script 1 and 2.

Microsoft Office

1999-2008

Capable of producing a variety of documents from Word, PowerPoint, Excel, etc.

EXPERIENCE

m.e.designlab

2007-2008

Graphic Design Intern

Hickory, NC

I performed collateral updates and assisted in the design process of projects.

Carrot-Top Industries

Summer 2007

Graphic Design Intern

Hillsborough, NC

I assisted in the production of graphics for the new company web site, the production of vector artwork for custom orders, and generating design ideas for marketing campaigns.

Lees-McRae College

2003-2007

Student Technology Assistant

Banner Elk, NC

I worked directly with the student body, along side four other team members to address computer issues such as spyware, viruses, and hardware problems.

AWARDS

Eagle Scout

April 2003
